

# AMERICAN BOMBERS CONTINUE POUND WARNING INTO ITALY GET OUT OF WAR

## ITALY'S SOUTHERN ISLAND DEFENSES BLASTED HEAVILY

SICILY, SARDINIA AND PANTELLETTA BEAR BRUNT AIR ACTIVITY

By DANIEL DE LUCE  
ALLIED HEADQUARTERS in North Africa, May 27.—(AP)—American bombers struck savagely again at Italy's southern island defenses on Sicily, Sardinia and Pantelleria yesterday. Flying Fortresses blasted the big Sicilian air base at Comiso from a stratospheric height, it was announced today. Mitchell and Marauder bombers at the same time swept in to attack enemy air fields at Ponte Olivo. They were escorted by Lightning fighter planes. Bomb-loaded Lightnings and Warhawks, both designed as fighter planes, kept up their assaults on Sardinian targets, hitting grounded aircraft at Villacirolo air field and leaving a large supply vessel burning at Golfo Aranci. Warhawks bombed the isolated little island of Pantelleria again. Five enemy aircraft officially were reported destroyed in this theater in 24 hours, making a total of 348 axis planes claimed destroyed in eight days in the air and on the ground by the northwest African air force squadrons alone. (With 12 planes listed by Middle East and Malta fliers, the total for the period runs to at least 360 planes destroyed.)

**Direct Hits on Power Station**  
Today's headquarters communiqué also announced that direct hits were scored on the power station at Tiroso, in Sardinia, whose power is generated by the Tiroso dam, largest of the island. Two allied planes were reported missing from all operations. (The Italian communiqué, broadcast by the Rome radio and recorded by the Associated Press, acknowledged allied air raids on several places in Sardinia and on Pantelleria and said seven were killed and 21 injured. It said eight allied planes were shot down, six by anti-aircraft fire and two by axis fighter planes.)

**Middle East Command**  
The Middle East air command, whose planes in the last few days have smashed the fortress at Italian and Sicilian ports and communications, confined itself yesterday to continued sweeps against enemy shipping in the Aegean. Today's communiqué issued at Cairo said a fuel carrying vessel was sunk, another ship was last seen sinking, a third was ablaze and a fourth was abandoned by its crew after a series of attacks by RAF light bombers.

The extraordinary coordination of Allied air power in the Mediterranean was revealed by details of two separate raids Tuesday on Messina. Sicilian ferry terminal. One was carried out by a heavy force of northwest African Fortresses while the other was made by bombers from the Middle East. Roar Through High Wind  
Roaring through a 60-mile-an-hour wind, the Fortresses, in heavy cargoes of fragmentation bombs yesterday on Comiso, starting four or five fires and spraying steel among dispersed aircraft. ## AMERICAN FORCES WIN FOOTHOLD ON NEW ATTU RIDGE

DESPITE FEROCITY OF FIGHTING ON ISLAND AMERICAN CASUALTIES LIGHT

WASHINGTON, May 27.—(AP)—American forces supported by a naval bombardment and attacking army bombers and fighters have won a foothold on a ridge south of enemy-held Chicago harbor after two days of hard fighting, the navy reported today. Despite the ferocity of the fighting on Attu, Secretary of War Stimson reported today, the American casualties have been relatively light, with preliminary reports indicating the army has lost 127 killed, 399 wounded and 118 missing.

Navy department communiqué No. 391 said:  
North Pacific:  
"1. On May 25th:  
"(A) A United States naval vessel bombarded Japanese shore installations in the Chicago area and started numerous fires.  
"(B) Army Warhawk fighters bombed the main camp area at Kiska. Hits were scored in the vicinity of gun emplacements and other installations.  
"2. On May 26th:  
"(A) All building in the Chicago area have been destroyed.  
"(B) United States Army troops, after hard fighting, in a co-ordinated attack along the ridge of Chicago corridor, succeeded in gaining a foothold on the high ground south of Chicago.  
"(C) The right flank of the United States army's southern forces is opposed by Japanese force dug in on a ridge south of Lake Koro.  
"(D) Air support was provided by army Liberators (consolidated B-24) heavy bombers and Mitchell (North American B-25) medium bombers which attacked Japanese positions in the Chicago area. Army Lightning (Lockheed P-38) fighters assisted in strafing attacks.  
From the communiqué and the secretary's dispatch, the main situation it appeared that the main See ATTU, Page 5.

YANKS AT MASSACRE BAY IN ATTU INVASION—American soldiers and equipment are landed on the black volcanic beach at Massacre Bay, Attu, from which they drove to meet another force in a pincer which has pinned the Japs into a fast-shrinking pocket. (AP photo from U. S. Navy.)

## GERMANY PREPARING FOR DEFENSIVE WAR DURING THIS SUMMER

INDICATED HITLER WILL NOT LAUNCH ANY OFFENSIVE DRIVES SOON

By JOHN COLBURN.  
STOCKHOLM, May 27.—(AP)—Dispatches from Berlin asserted today that Germany is preparing for a summer defensive warfare while Nazi military leaders hope that no large-scale Allied offensive will start until they can replace the losses in men and material in the shattering defeats in the Donets Basin, at Stalingrad and in Tunisia.

While there is talk in Berlin about a Russian summer offensive between Kursk and the Crimea, a correspondent of the Stockholm Tidningen said that German political circles expressed the belief there would be no major action for at least a month.

Other quarters, he said, held the view that there would be considerable "sounding out" offensive preparations throughout the summer but that there would be no major military circles, acknowledging the big gaps caused by the Russian and North African defeats, were represented as indicating that Hitler would not launch any offensive. It was said they hoped that intensified war production and total manpower mobilization would enable them to return the German fighting machine to full strength before any Allied attacks were launched.

## HEAVY ATTACK BY LARGE FORCE RED ARMY ON THURSDAY

GERMANS FORCED TO FALL BACK FROM FRONT LINE IN KUBAN SECTOR

By JAMES M. LONG.  
LONDON, May 27.—(AP)—Attacking nearly 100,000 strong, Red army infantry and tank men have forced the Germans to fall back from a front line sector of the Kuban bridgehead several miles long and two kilometers (124 miles) deep. DNB announced today in a dispatch broadcast by the Berlin radio.

The German news agency said Nazi defenses all along the delta stronghold were battered. The broadcast was recorded by the Associated Press.

The attacking force struck after thunderous artillery preparation. DNB said the main attack was directed against German positions between Boldavskoye and Kijevskoye, in the area of Myrmakaya, which lies 20 miles above the Port of Novorossiysk. Other attacks were reported press to the north, along the banks of the Kuban.

Both Russian and German reports had indicated a violent upsurge in the land and air battle for the Kuban river zone held by the Germans from Novorossiysk northward to Temryuk, on the Azov Sea.

The Russians announced in their midnight communiqué that they had smashed back two counterattacks German battalions totaling about 1,600 men, and a special broadcast from Moscow later reported 67 German planes shot down in the area northeast of Novorossiysk, with a loss of 20 Soviet planes.

A DNB dispatch broadcast from Berlin later declared, however, that 63 Russian planes were shot down yesterday against the loss of five German aircraft. The high com See RUSSIAN, Page 7.

## JAPS CONCENTRATE INFANTRY, TANK, AIR FORCES IN CHINA

NEW CAMPAIGN BELIEVED POINTED FOR CAPITAL OF CHUNGKING

CHUNGKING, May 27.—(AP)—The Japanese have concentrated formidable infantry, tank and air forces along the upper Yangtze for operations already well under way and apparently pointed at Chungking and have opened the great river itself as a supply route as far as Ichang, a Chinese military spokesman said today.

Ichang, 1,000 miles from the Yangtze's mouth and 462 miles below Chungking as the river winds, is the main base for vigorous drives into western Hupeh province which have been in progress for a fortnight. Until a few days ago it was supplied only by land routes north of the river exposed to attack by mobile Chinese units.

The spokesman said, however, that recently Japanese gunboats and launches wormed their way along the swift, mine-infested waters of the River to Ichang and brought up rafts, junks and other small craft, some of them carrying artillery for the land forces.

He added that Japanese control of the river between Ichang and Shashi, 83 miles downstream, still was contested by Chinese units along the shore. However, a Japanese flagship has arrived at Shashi.

The opening of the Yangtze as a supply route is expected to increase the striking power of the invaders on the approaches to Chungking. Some of their columns south of the river in Western Hupeh already are within 275 air line miles of the Free China capital.

The Chinese consider that the Japanese are trying to smash Chinese defenses on the river before launching their simultaneous land and naval advance on Generalissimo See PACIFIC WAR, Page 3.

## GROWING DEMANDS IN CONGRESS RESTRICT NEW DEAL SPENDING

MOVE MADE TO LIMIT NATIONAL RESOURCES PLANNING BOARD FUND

WASHINGTON, May 27.—(AP)—A bi-partisan move to limit the national resources planning board's spending next year to \$200,000 added impetus today to growing congressional demands to restrict activities of "new deal" agencies.

Senator Byrd (D-Va.), chairman of a joint economy committee, joined Senators Taft (R-Ohio) and Nye (R-Ind.) in an attack on President Roosevelt's long-range planning agency.

At the same time Byrd announced he and Taft will seek to write into the \$2,621,539,379 independent offices appropriations bill an expression of congressional desire to liquidate the Home Owners Loan Corporation by June 30, 1945.

Acting Chairman McKellar (D-Tenn.) of the senate appropriations committee, said he would call up the bill again today in an effort to boost funds for the planning board to \$534,000, the amount approved by a subcommittee.

The full committee yesterday amended a deficiency appropriations bill to prohibit President Roosevelt from using any part of his \$200,000,000 war emergency fund to finance controversial agencies beyond the amounts appropriated by congress.

This provision was substituted See SPENDING, Page 3.

## CIO UNIONISTS IN RUBBER PLANTS END STRIKE THURSDAY

WORKERS STRAGGLE INTO PLANTS, HEEDING PRESIDENTIAL ULTIMATUM

AKRON, O., May 27.—(AP)—CIO unionists ended strikes at three major Akron rubber companies today, complying with the noon deadline set in a presidential ultimatum concerning a five-day production stoppage that threw more than 2,000 into idleness. A small shift returned to war jobs at the B. F. Goodrich Company just as the deadline approached after United Rubber Workers unionists decided to observe the commander in chief's order.

The back-to-work movement started earlier at the Goodyear Tire & Rubber Co. and the Firestone Tire & Rubber Co. Employees straggled into the plants throughout the morning and six hours after the first men reported on the 6 a. m. (Eastern War Time) shift. Firestone guards estimated 50 per cent of the force was on the job.

The spokesman who declined use of his name said about 2,000 reported at the beginning of the first shift at Goodyear, and others straggled into the plants for several hours. General Tire & Rubber Company reported a full working force on the job.

At the Goodrich Plant. Only a few employees entered the Goodrich gates until after a 10 a. m. meeting of the company's day shift workers. George H. Bass, president of the Goodrich local, announced the men decided to resume production at once. The meeting also approved a June 1 deadline for reconsideration by the War Labor Board of a wage decision that touched off the stoppage.

Union leaders said they expected full shifts to report at 2 p. m. at all four plants. A Goodyear spokesman indicated that similar operations could not be resumed immediately, however, asserting it would take "all day and a good part of tomorrow to balance up production."

After urging Goodrich workers to return to their jobs, Bass de See STRIKES, Page 5.

## AFRICAN BASED U. S. BOMBERS CONTINUE BLAST AXIS ISLANDS

ALLIED WARNING FOR ITALY GET OUT OF WAR IS POUNDED HOME

By LYNN HEINZLERING.  
Associated Press War Editor.  
Pounding home the Allied warning to Italy to get out of the war before the final storm breaks, the U. S. bomber fleet in North-west Africa unleashed savage new attacks on Axis island bases in the Mediterranean as the Russian front, stirred to violent action on some sectors, provided signs that the decisive days of 1943 are near.

Flying Fortresses again led the assaults on the Italian island of Sicily, Sardinia and Pantelleria, spreading new fires and devastation on the great axis air base at Comiso, Sicily, already scarred by many earlier visits. Medium bombers raked other Sicilian strongholds.

American fighter planes—Lightnings and Warhawks—lugged bombs to Sardinia and dropped them on shipping targets amid sprays of cannon and machine-gun fire, setting one axis supply ship afire with a direct hit at Golfo Aranci. Villacirolo airfield was hit again and bombs fell on hangars, barracks and aircraft on the ground, an allied communiqué said. The power station at Tiroso received a direct hit.

Other Warhawks kept the tiny, isolated island of Pantelleria under fire.

Both German and Russian reports told of an outbreak of furious fighting in the Kuban Valley bridgehead around Novorossiysk, where the Germans clung grimly to their last foothold in the Caucasus throughout the winter's battles, and the Germans said the Red army was in action far to the north.

An indication of the scale of the fighting in the Caucasus was the Russian announcement that 67 German planes had been shot down in air battle northeast of Novorossiysk as the Red army beat back two battalions of Germans storming Russian positions. The German reports gave the impression that even heavier fighting was to be expected in this area and claimed that 63 Russian planes were shot down yesterday.

There was little fresh news from the Pacific area, but American doughboys were believed to be hardening out the finishing touches to the Japanese troops on Attu island in the Aleutians in grim, hand-to-hand fighting among the rocks. The latest Navy communiqué indicated the Japanese were fighting it out in the advantageous terrain of two pockets around Chichagof harbor and on the north shore of the harbor.

## NAVARRO COUNTY BOND SALES MORE THAN DOUBLED QUOTA IN SECOND WAR LOAN CAMPAIGN

Another Japanese Admiral Killed in Pacific Action

(By The Associated Press.)  
The Berlin radio, in a dispatch from Tokyo today, reported the death in action of Rear Admiral Ryusaku Yanagimoto, who "was drowned with his crew when his ship was sunk after a heroic fight."

No details as to when or in what theater of operations Yanagimoto died were given in the broadcast, which was recorded by the Associated Press.

Yanagimoto was listed as one of 75 naval officers killed in action awarded decorations during the celebration of Japanese Navy Day today.

As a commander of a Japanese aircraft carrier he distinguished himself in operations against Wake Island and in the Indian Ocean, the broadcast said.

## EFFORTS BEING MADE COMPOSE DE GAULLE AND GIRAUD FACTION

PICTURES AND INSIGNIA OF BOTH REMOVED FROM PUBLIC PLACES

By EDWARD KENNEDY.  
ALGHERS, May 27.—(AP)—Pictures and insignia of both Gen. Charles De Gaulle and Gen. Henri Giraud were removed from public places today in preparation for French North Africa's welcome to the Fighting French leader.

A few remaining reminders of Marshal Petain, Vichy chief of state, also were pulled down or covered.

The move was undertaken by order of General Giraud, chief commander in chief, in line with a policy eliminating personalities and stressing the union of all French.

"More than ever," said Giraud's order, "the French must have only one thought: The liberation of France, victory."

Insignia of all Frenchmen from now on will be the tri-color, "with-out the Cross of Lorraine or other markings imposed on it, Giraud decreed.

And the slogan of the French, members of his staff said, will not be "Vive Giraud" or "Vive De Gaulle," but "Vive La France."

Observers say they are certain that remaining differences between De Gaulle and Giraud will be ironed out and that a full settlement will be reached, but one big issue is still unresolved.

That is De Gaulle's insistence that the army commander not be a member of the executive committee to be set up, but be subordinate to it. If De Gaulle has his way on this point it means that Giraud, to be on the committee, must relinquish his command of the army.

## WAR RATION BOOK CARDS DELIVERED BY POST OFFICES

APPLICANTS WARNED BY POSTMASTER TO FILL OUT CARDS WITH CARE

War Ration Book No. 3 will be distributed through the post offices, G. C. Hudson, acting postmaster, revealed in a statement Thursday morning.

City and rural carriers will deliver the application cards not later than June 5, an announcement stated, and the applications must not be bent or folded, and must have a 3-cent stamp on it, with the blank places filled in printed ink or typed. No pencil printing is acceptable, the postmaster stressed, and suggested that filling in with typewriters is preferable. The delivery of the application cards will stop, June 5, but will be available at all post office windows until June 10.

"All applicants must have cards properly filled and mailed before June 10," Hudson warned, as Ration Book No. 3 will replace the present books for food, meats, etc., now in use.

(After June 10, no application cards will be issued until August 1, it was stated, and anyone without such books will be unable to purchase foods and other articles.)

See RATION BOOK, Page 6.

## AMERICAN ARMY'S AFRICA CASUALTIES ANNOUNCED TODAY

SECRETARY STIMSON SAID AXIS LOSSES GREATER THAN ALLIES

WASHINGTON, May 27.—(AP)—American army casualties in North Africa from November 8 to May 15 totaled 2,184 killed, 9,437 wounded and 6,937 missing or prisoners, Secretary of War Stimson said today.

Total Allied casualties in the Tunisian campaign, including British and French figures not reported in detail, were "less than 70,000," Stimson said. By contrast, he said, the Axis lost 30,000 killed, 26,400 wounded and 266,600 prisoners.

Previously the U. S. army had reported 1,800 casualties in the initial landing operations which began November 8, and these were included in the over-all figure reported by the secretary.

Stimson pointed out, in his report of Axis casualties in Tunisia (Egyptian and Libyan reports were not included) that it was unusual for any army to suffer greater numbers of killed than of wounded. In addition to the large personnel losses, he said, the Axis also lost tremendous quantities of supplies, including large numbers of aircraft and surface ships.

At present, he said, Allied ground See CASUALTIES, Page 6.

## FARM FAMILIES IN SEVERAL STATES ARE RETURNING TO HOMES

SURGING ILLINOIS AND MISSISSIPPI RIVERS STILL DANGEROUS

By The Associated Press  
Farm families in many parts of the six-state Midwest flood zone, evacuated after rising waters from scores of rivers threatening their lives, were returning to their water-damaged homes and inundated lands today to begin to reshape their summer program of food production.

The evacuees in many of the flooded areas returned to their homes as the danger of further rising waters passed, but thousands of others remained in refugee shelters, mostly in southern Illinois and eastern Missouri. More than 160,000 persons were driven from their homes by the floods.

Other thousands in communities along the Mississippi and Illinois rivers still were plagued by the extremely high water, which the surging streams, the situation in many river towns, although somewhat improved, remained critical, said Army engineers.

As the farmers in many areas surveyed the damage to their crops and property from the worst flood in the Mid-Continent area since 1937, an emergency conference of federal officials and representatives of the six states affected by the flood met in St. Louis. The meeting, called by War Food Administrator Chester C. Davis, mapped plans for the prompt restoration of farm production in the 3,651,000 acres of water-covered land in Illinois, Missouri, Indiana, Oklahoma, Kansas and Arkansas. Crop See FLOODS, Page 7.

## FIERCE DEFENSE OF ATTU BY SMALL JAP FORCES INDICATES JOB OF SMASHING JAPAN HARD

DALLAS SOLDIER CHOKES WIFE DEATH; ATTEMPTS SUICIDE

By DEWITT MACKENZIE  
The fierce defense being made by the Japs in the face of our determined attack on their positions among the volcanic crags of Attu provides one of the outstanding lessons of the protracted battle on this tiny, fog-shrouded Aleutian island.

It's a harsh reminder of what the allies are up against in their task of smashing the Japanese nation as a whole.

More than once in this war we have seen the Japanese battle until the last man was dead.

There could be no more pointed warning of the need of the utmost speed in cleaning up Hitler so that the entire allied striking-power can be turned against the Nipponese at the earliest possible moment. The enormous force, which the United Nations will be able to mass, when once the axis is beaten, will do the job, but it becomes harder with each passing day allowed the Japs to consolidate their positions.

The burden of speeding up rests in large degree on intensification of civilian effort. If we provide See THE WAR TODAY, Page 6.

DALLAS, May 27.—(AP)—Private Norris Hughes, 23, was under a charge of murder today in connection with the death of his attractive wife, Mrs. Ivona Hughes, 20, whose body was found in her apartment here yesterday.

City Detectives M. W. Stevenson and E. R. Gaddy said Private Hughes made a written statement, witnessed by newspapermen, saying he had choked his wife to death and had then tried for several hours to kill himself.

They quoted Hughes as saying he was jealous and that since arriving here last Friday on furlough from Camp Iba, Calif., he had been planning to kill his wife and himself.

Hughes was held in the hospital ward of the Dallas county jail.

## NEW CLASS CADETS ENROLLED THIS WEEK AT CORSICANA FIELD

Class 43-K aviation cadets, Corsicana Field, Air Activities of Texas, were enrolled and assigned to quarters Tuesday and Wednesday morning started classes, according to an announcement by Second Lieut. Louis R. Renfrow, intelligence and public relations officer of the field. Eight students officers are included in the new class. Visiting night was observed Tuesday evening.

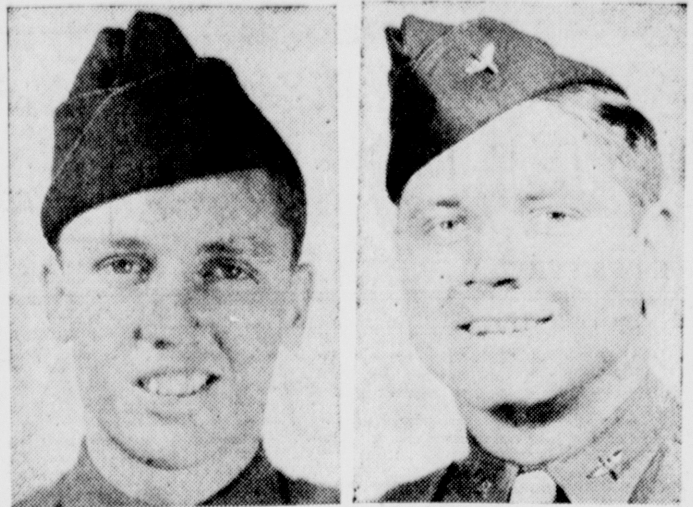

Class 43-L, the latest graduating contingent, has reported for basic training. The student officers and some of the cadets are at the Army Air Force Basic Flying school, Perrin Field, Sherman, while the remainder are at Majors Army Air Field, Greenville, Texas.

## W. M. Taylor, Jr., Reported Prisoner Of Japanese

Mr. and Mrs. W. M. Taylor Tuesday received a telegram from the War Department advising them that their son, Second Lieut. W. M. Taylor, Jr., is a prisoner of war of the Japanese.

Lt. Taylor was first reported missing in action July 20, 1942, and the parents received a letter from the government recently that the officer was still missing in action. Additional information was promised by mail in the government message.

Measames B. D. Hilburn and Virgil Mather were Dallas visitors on Wednesday.

**AWARDED WINGS**—Lieut. William R. Stockard, Jr., Frost, (left), and Lieut. Charles R. Hayes, Route 1, Richland, were members of the AAF Gulf Coast Training Center's classes completing advanced flying Monday and were awarded silver wings and commissioned lieutenants in the U. S. Air Force. Stockard graduated at Ellington Field and Hayes completed training at Lubbock. Before assignment to active combat, they will receive post-graduate specialized training. Hundreds of new pilots completed their advanced training at ten advanced flying schools, nine located in Texas and one in Oklahoma.—Altus.

## FISHERMAN BECOME AUTHOR, GIVES COUNSEL TO LIVING\*

Old Peter's Wide Outreach and Practical Wisdom—Modern Turkey the Home of Scattered Christians of His Day—Setting Up the Sure Standards For a New World

By WILLIAM T. ELLIS.

Some little children were playing in church. The young preacher's simple sermon was, "People, be good."

That is what all the preachers of history have been trying to say, in more elaborate and less understandable language. It is the sermon we all want to hear, as we confront a confused life under the black clouds of war. Peter bore this message in the passage that is our Lesson—Peter, the rugged fisherman whose strong hands could wield an oar better than a pen. Himself at first a Galilean provincial, he had grown under the power of the life, into a statesman and world leader. The Gospel does that sort of thing to persons: makes the petty great, the foolish wise and the weak strong.

### Now It Is Turkey

This first of the two letters that have survived from Peter's writings was directed to groups of scattered Christians in what we now know as Turkey. He names the provinces—Pontus, Galatia, Cappadocia, Asia and Bithynia. They all dwell in what was then a pivotal center of the Roman Empire, the region that Paul had repeatedly covered on his missionary journeys. Just as modern Turkey is a vital element in the present war picture—firmly committed, thank God, to the side of the United Nations—so the same region was strategic in the growth of the early Church. This is a good point at which to pause and study a map of the ancient world, such as is found in the back of most Bibles.

These Christians were having a hard time. The persecutions under Nero had begun. Not only the burning of Rome was attributed to them, but many other even more fantastic offenses. Besides, strange teachers had crept among them, undermining the Gospel's clear teachings of personal morality. In a way, it is somewhat comforting to know that these first Christians were often victims of the same temptations that assail us.

Though far removed from these brethren in Roman Asia, Peter was solicitous for their spiritual welfare. He took the whole Church into his ken. To use a big word that has become popular in religious circles in our day, he had an ecumenical mind. The world was his parish, to borrow John Wesley's phrase. He shared the spirit of Paul, who once wrote, "Besides that which cometh upon me daily, the care of all the churches." Every Christian on his knees should thank God for the present growth of the spirit of Christian unity; and the increase in the number of leaders who have a Pauline and a Petrine mind.

### "People, Be Good"

There is a vital relation between this Lesson upon the Christian virtues and the present world emergency. One reason why every pulpit should resound with the Gospel simplicities is that only good people can bring about a good world.

Morale, a big word in all our vocabularies today, derives from morals. Bad man cannot create good times. France's tragic collapse was primarily in her top stratum of society. So long as politicians and profiteers prevail in public affairs, the dear dream of the masses of people for a world ruled by goodness will never be realized.

The little child's sermon, "People, be good," should be echoing from the legislative halls, newspaper offices, pulpits, scholars, libraries and the common ways of life. Everybody who seeks first the good life is contributing a stone to the building of the sort of Christian civilization about which we all are talking. As Philip Brooks said, "All the world is better for every one who is living at his best."

**Ancient Wisdom For Today**  
Note these gems of counsel from that part of Peter's Epistle which is our Lesson:—  
"Abstain from fleshly lusts which war against the soul."  
"Be subject to the Lord's ordinance of man, for the Lord's sake."  
"Honor all men. Love the brotherhood. Fear God. Honor the king."

"Servants, be in subjection to your masters."  
"Christ also suffered for you, leaving you an example, that ye should follow in His steps."  
There, for a moment, Peter paused in his admonitions, to exhort in the example of Christ, who not only bore Himself manfully throughout His many testings, but who also "bore our sins in His body upon the tree . . . by whose stripes ye were healed."

Whatever his starting point, Peter always came to the cross. For he knew that more than they

## Some Damage In Corsicana Result Of Wind Monday

Some damage was done by a sharp twist immediately west of Corsicana and within the city limits Monday afternoon when the wind and rainstorm, accompanied by considerable lightning. A small amount of hail fell in some sections of Corsicana, while corn was reported damaged by the hailstones a few miles southwest of Corsicana on Highway 31. Precipitation in Corsicana amounted to .38 inch and a similar amount was reported from the Purley area. In other sections of the county, the precipitation was considerably less, a telephone poll revealed, although considerable wind and electrical disturbances were recorded north of Dawson.

### Home Damaged.

The home of Mr. and Mrs. Bill Cruise, State Home Drive, bore the brunt of the twister. A considerable amount of the roof was blown off and several trees were snapped off at the ground. Four iron lawn chairs were picked up and twisted, according to Cruise, and three of them were placed in his open garage while the house was carried several hundred yards before being dropped.

A chimney on West Fourth avenue near the Fifteenth street intersection was toppled, while a large tree within a block of the house was split.

The boiling clouds dipped near the IOOF Home, it was noted, and picked up considerable water from the west side of the lake and dashed it on a number of the Home boys in bathing at the time.

After striking the Cruise home, no other damage was reported, and the West Second avenue location of the L. A. Rutherford store was reached. Seeing the clouds approaching, the front doors of the store were closed, but the winds appeared then. Oil containers were moved while a small ice house adjacent to the building was turned over by the force of the wind. An oil drum at a nearby filling station was turned over.

### Much Debris.

Several persons in the downtown area reported seeing leaves and tree branches in the air, and some of the debris fell to the street and on the laundry roof at the intersection of North Main street and West Fourth avenue.

A downpour was recorded at Waco Monday afternoon and the cloud made its way over Hill country and into Navarro county.

Texas Power and Light Company reported a line damaged in the 1400 block on West Fourth avenue when struck by a falling tree.

Dawson residents watched the clouds for some time Monday afternoon and it appeared of cyclonic proportions, reports from that West Navarro county community stated. The cloud was north of Dawson. No damage from that area, however, has been received here Tuesday morning.

Local residents said that for a time while watching the twisting clouds, an inverted cyclonic funnel was seen.

## Information From Rationing Board

Changes in ration ruling for livestock producers who have animals slaughtered for the owners' household consumption were announced Wednesday by the local war price and rationing board.

Livestock producers may now have their animals slaughtered by a primary distributor and receive the foods without giving up points.

There will be certain requirements among them, he has to feed the animal for at least sixty days and its weight must have increased at least 35 per cent. He is also required to keep records of all transactions pertaining to the animal.

In the sale or transfer of a retail, wholesale, or primary distributor establishment a written notice must be given to the rationing board by both parties, that the inventory has been transferred and accepted.

If the transfer has a ration

When the angels present themselves, the devils abscond.—Arab Proverb.

MRS. THENA TRAMEL  
BURIED LAST FRIDAY  
AT PRAIRIE POINT

Funeral services for Mrs. Thena Tramel, age 79 years, who died at her home Thursday night, were held at the Methodist church at Prairie Point Friday. Revs. Stanfort and Herin conducted the rites. A native of Tennessee, Mrs. Tramel came to Navarro county 55 years ago, and spent most of that time in the Bazette community.

Surviving are the following children: Three daughters, Mrs. Wilks Taylor, Mrs. L. E. Albritton, Mrs. Tennessee Pike; six sons, Jasper Tramel, Tom Tramel, Rob Tramel, John Tramel, Prosper Tramel and Luster Tramel, all of the Bazette community; 39 grandchildren and 36 great-grandchildren.

Brother Corsicanan  
Died in Cleburne

CLEBURNE, May 27.—Rev. David Columbus Lee, aged 85 years, long-time Baptist minister, died here Wednesday.

Funeral arrangements are incomplete. A native of Tennessee, he came to Texas in 1894, and to Johnson county in 1902. He became a Baptist minister in young manhood.

Surviving are four sons, five daughters, two sisters and two brothers. One sister, Mrs. Fannie Giles, resides in Corsicana.

PIONEER RESIDENT  
FROST COMMUNITY  
BURIED ON MONDAY

FROST, May 27.—(Spl.)—Mrs. Elizabeth M. Bryant, aged 87 years, died at the home of her daughter, Mrs. Wayne Merrell, near Frost, Sunday afternoon at 5:30 o'clock. Funeral rites were held from the Frost Methodist Church Monday afternoon at 4 o'clock with burial in the Richland cemetery near Mertens. The services were conducted by Rev. T. D. Ellis, Methodist pastor, assisted by District Superintendent R. O. Sory of Corsicana; Rev. D. P. Cagle, pastor of the Baptist Church here, and Rev. Marshall Hall, pastor of the Mertens Methodist Church.

Mrs. Bryant, a native of Texas, was the widow of the late F. G. Bryant, and had resided in the Mertens and Frost communities for more than 50 years.

Surviving are two daughters, Mrs. Horace Young, Mertens, and Mrs. Merrell, Frost; seven grandchildren, five great-grandchildren, a sister, Mrs. Ann Hodge, Loving, Texas, and other relatives.

McCormick's Funeral Service directed.

Motorists Requested  
Endorse Gas Coupons

Failure on the part of motorists to co-operate with filling station operators in endorsing mileage rationing coupons may mean the suspension of dealers' licenses to do business, Wilbur Wright, chairman of the Navarro county war price and rationing board said Thursday.

Pointing out that he was fully aware of handicaps under which gasoline dealers are operating, Wright called on the motoring public to co-operate with station operators when asked to write on the back of each coupon the auto license number and state of registration. Because of a manpower shortage, station owners do not have time to endorse coupons given by motorists, nor are they supposed to endorse them.

"Some unthinking persons believe the endorsement required by OPA is a lot of idle nonsense, but they are mistaken," the chairman said. "It is the government's chief weapon against illegal traffic in mileage rationing coupons."

"Some filling station operators' licenses to do business have already been suspended because they were found in possession of unendorsed coupons. Many station owners have complained to us that motorists flatly refuse to abide by OPA regulations in this respect and become angry when requested to sign coupons."

"Endorsement of coupons will take only a few minutes and it may keep a filling station operator's doors open," Wright declared.

The local rationing board is busy checking rationing books of men in an arm of also of deceased persons. Should you hold any of the above they should be turned into the office immediately.

Do Your Feet Hurt?

Corns removed the correct way. All foot ailments treated. See Jim Edwards. Second floor YMCA for expert foot service.

FUNERAL SERVICES  
FOR GEORGE DENBOW  
LATE ON THURSDAY

Funeral services for George Denbow, age 62 years, who died at his home, 1004 Elm avenue, early Thursday morning, were planned for 5 o'clock Thursday afternoon from the chapel of the Sutherland-McCannon Funeral Home. Revs. W. S. Fisher and A. A. Peacock will officiate. Burial will be in Oakwood cemetery.

Born and reared in Chatfield, Mr. Denbow had been a resident of Navarro county and Corsicana all of his life.

Surviving are his wife, Corsicana; three sons, Pvt. Lee Denbow, Abilene; Vernon Denbow, with the U. S. army in Africa; and John Denbow, Corsicana; four daughters, Mrs. M. O. Southerland, Eustace; Mrs. R. L. Keele, Tyler; Mrs. C. M. Bowden, Dallas; Mrs. W. D. Herdick, Corsicana; two sisters, Mrs. J. H. Fluker, Houston; Mrs. C. Calloway, Chatfield; a brother, T. D. Denbow, Drane, 11 grandchildren and other relatives.

Funeral services for J. Frank Garvin, age 67 years, who died Wednesday at the P. and S. Hospital, will be held Friday morning at 10 o'clock from the Catholic church. The services will be conducted by the Rev. Msgr. V. V. Gratano. Burial will be in the Catholic cemetery.

Surviving are his wife, Corsicana; a daughter, Miss Frances Garvin, Corsicana; two sisters, Mrs. J. G. Walker and Miss Ida Garvin, Corsicana, and other relatives. Sutherland-McCannon is in charge of arrangements.

WARNING

CONTINUED FROM FIRST PAGE wailan government at the time had accused Haan of being a "rabble-rouser" and of "trying to create trouble in Hawaii."

Haan's information so far, Dickstein said, has been "fairly accurate" and has been reported to the proper officials.

Haan told the committee yesterday that Premier Tojo disclosed during a party at his Tokyo residence recently that Admiral Katsurao Miyazaki had been chosen to command an invading naval force against the United States and that Gen. Shunroku Hata was to head a landing expedition.

Haan said Gen. Jiro Minami was reported to have told the Japanese privy council last December that Japan would be ready to strike this country between June and August 1943.

Gist of speculative talks in Japan, Haan said in a prepared statement, was that Miyazaki would have at his command 60 per cent of the imperial navy in the planned attack, that General Hata would have more than 100,000 picked troops from the Kwantung army; and that submarine and air strength would play the most important part in the attack.

After hearing Haan, Dickstein commented: "We can't afford to brush people aside as we did two years ago. This fellow Haan is sincere. I spoke to him two hours before he testified. Statements he made before the immigration committee two years ago have, unfortunately, borne fruit. Had we paid attention to him then we might have been saved a lot of embarrassment."

Dickstein said Haan had registered with the state department as a member of the Korean organization which, the New York Times said, he believed had an organization of spies which "seems to get more information than our own government."

The Japanese, Haan said at one point, plan to send native girls to marry them to local men in a general Japanization program.

NEW ZEALAND Official Dies. WELLINGTON, New Zealand, May 27.—(S. P. C.)—G. Coates, New Zealand minister for the armed forces and war coordination, died suddenly at his desk today.

Coates had been a prominent figure in New Zealand public life for at least 20 years.

Named war minister in New Zealand's five-man war cabinet in July, 1940, he almost immediately made plans to visit the United States to organize a supply of munitions for dominion defense.

He reached California by Clipper on May 23, 1941, and remained in the United States for a little more than two months.

CORSICANA, TEX., MAY 28, 1943

**ISLAND BY ISLAND**

The Mediterranean is lands of Sicily, Djerba, the Kerkennahs, Lampione, Lampedusa, Linosa and Pantelleria may be viewed as stepping-stones to Italy or obstacles in the path of advancement, according to the point of view, and that depends largely on who holds them.

Djerba and the Kerkennah islands are now in allied hands. They are in the west, British Malta, in the east, after innumerable bombings by the Axis, still holds fast. Pantelleria and Lampedusa are fortified and will doubtless resist allied invasion for some time. Sicily is being thoroughly bombed. When these last three are taken, the Mediterranean will be clear for allied shipping throughout its length. That clearance will be a great victory, whose effects can hardly be over-estimated.

The long hard haul around Africa to the middle and far east has been one of the great drags on the war effort. Eliminating it is equivalent to doubling the merchant fleet used in that section of transport. It's the next advance to look for.

**TRUTH AND JUSTICE**

"Defeatism and pessimism that are so rampant in wartime are but natural and logical consequences of our way of public education in recent years," says a university president. "Rank materialism can only result in cynicism and skepticism and they breed pessimism and defeatism." He urges as a remedy "the study of truth and the recognition of justice."

That raises the cynical question asked by Pontius Pilate long ago: "What is truth?" But if there is really so much doubt about the eternal realities as so many people have been assuming, they tend to fade away as the war proceeds. Victory, of which there has already been a taste, is a fine tonic. And the farther Americans get into this war, the more clearly they see the issues at stake. Men who enter without knowing what it's about will be making speeches about freedom before they get through.

**INVASION OVERTURE**

The deepest humiliation to the Axis, in the North African victory, was the way the United Nations blitzkrieged the blitzkriegers. Hitler and his gang were so far outdone in their own game that the seasoned German troops trained for years in "lighting war" were themselves swept before the British and American forces like chaff in a storm. So swift were the blows that they left the proud Nazi generals wandering around in a daze, waiting for somebody to capture them in due form.

Two things made it possible—intelligent planning down to the smallest detail, and mastery of the air. Gen. Dwight D. Eisenhower, who directed the operation, has proved that he knows modern war down to the last bomb and button.

This was a victory of brains, courage and machines, and a fine overture to the invasion of Europe.

One of the world's great outrages is that the Acropolis, that white temple of Athens that is the supreme artistic achievement of free men, is disfigured by the swastika across its pillars.

**Edgar A. Guest**

The Poet of the People

**THE BAREFOOT BOY, 1943.**

(After Whittier.)  
Blessing on thee, little man,  
Barefoot boy, with cheeks of tan,  
Skipping gaily round about,  
Up and down and in and out.  
Be the weather dry or damp  
Savest father's ration stamp.  
Though your feet are never clean  
Savest coupon seventeen.

Blessings on thee, little boy,  
Father's pride and father's joy.  
Were you not content to go  
Bare of heel and sole and toe  
To provide you now with shoes  
Father would his coupon use,  
And in that case, little lad,  
You would have a barefoot dad.

Yes, I'm sure 'tis better so  
That a boy should barefoot go  
Than his father should disclose  
Just how ugly are his toes.  
And his bunions should be seen.  
So with coupon seventeen  
I'll get shoes today for me  
And still barefoot you may be.

**FAIR DISTRIBUTION**

Americans have always regarded themselves as the world's best sportsmen. And perhaps they have been right as far as athletic sportsmanship is concerned. Our baseball and football have been very clean, and so have many other sports. But in some fields where there are no such traditions of fair play, the record is not so good.

Take those "black markets" for example. Along with the war rationing there has suddenly developed a shameful breed of racketeers and price chisellers. And in these shady operations, it must be regretfully acknowledged, many have been guilty.

War-time methods of food supply and price control are so new that it takes time to establish principles and practices. Many of the offenders, no doubt, have broken the rules because they were frightened. But the best way to have fair and orderly procedure, in the distribution of supplies of all kinds, is to insist on full compliance with the law. One deserved punishment will stop a thousand cheaters.

**CHILDREN'S READING**

"The dime novels of generations ago would be cream puff stuff to the children of today who are fed on the current output of illustrated thrillers," writes a newspaper woman who has been investigating such literature.

The essentials of the "comic" books, she finds, are superhuman characters, an immense amount of blood-spilling, and the barbarous violence that results in most of the characters being shot, burned, stabbed and gassed, tortured and eventually killed. Corner stores are said to sell this delightful literature at 10 cents a copy, and in quantities that run up to 15,000,000 a month and satisfy the literary requirements of 60,000,000 readers.

The reporter quotes a statement by the editors of one such publication as follows: "It is not our intention or purpose to bring terror into your homes, but we feel that the presentation of 'Two-Legged Rats' offers our readers a different type of amusement." In it the reporter finds a charming tale about a demon who "best of all loved to gouge out people's eyes."

It does seem as if such things go beyond the legitimate function of a free press. But what are the parents and the schools doing?

**SNARING A SERVANT**

A housewife advertising for a maid has 100 applicants. The reason seems to be that the ad said: "Can wear my mink coat on day off."

With household help getting scarcer than the proverbial hen's teeth, special inducements like the above are becoming more and more expedient. A maid may yet be lured into a home by the offer of a shoe coupon.

"If blood be the price of admiralty, Lord God, we have paid in full," wrote Kipling. But he hadn't seen anything yet.

"An eye for an eye and a tooth for a tooth" was the old Biblical rule, and now it's a tire for a tire and a tube for a tube.

**TWENTY YEARS AFTER**

TO TOKYO 1923

FROM TOKYO 1943

**FROST HIGH SCHOOL WILL GRADUATE 36 ON FRIDAY EVENING**

FROST, May 26.—(Spl.)—The graduation exercises of the Frost High school will be held in the auditorium of the Frost Polar Bear gym Friday evening, May 28, at 8:30 o'clock, at which time thirty-six seniors of the Frost High school are scheduled to receive diplomas. The class roll follows:

Bill Bowman, Billy Campbell, Doris Cook, Betty Sue Daniels, James Dorch, Mildred Dorch, Patricia Doyle, Bryan Dunagan, Frances Patterson, Sybil Hunt, Tommy Hooser, Mardist Miles, Jack Minnas, Price Smith, Erwood Tullios, Lorene Armstrong, Douglas Ballew, Christine Fields, Evelyn Fuller, Louise Fuller, E. W. Green, Leonard Hawkins, Frank Hodges, Betty Jones, Marita Jones, A. R. Morgan, Georgia Northern, June Omberg, David Ponder, Phyllis Ponder, John Slay, Louise Stevenson, Aldrich Stroder, Dorothy Storder, Maxine Tallmon, and James Carroll Tralkill.

June Omberg with an average of 95.29 is valedictorian and Betty Jo Jones with an average of 95.2 is salutatorian. The members of the Senior class who made an average of 90 or above in all subjects for the year are as follows: June Omberg 95.29; Betty Jo Jones 95.2; Marita Jones 95; Patricia Doyle 95.54; Lorene Armstrong 95.25; Sybil Hunt 93.45; Maxine Tallmon 93.34. The boys are Erwood Tullios 95.67; Tommy Hooser 95.50; Billy Campbell 94.67; and David Ponder 90.50.

Mr. Charles H. Tennyson of Austin, director of public relations

**Information From Rationing Board**

In response to inquiries from housewives who customarily sell a part of the fruits and vegetables they put up at home, the OPA has issued a definition of "home-canned" foods as distinguished from commercially canned products. All home-canned fruits and vegetables have a "price" of eight points per quart. Commercially processed foods have specific point values assigned to each kind and container weight.

Three pairs of shoes per year, based on one stamp per person for the four months period ending June 15 results in statements like, "My child cannot get along with only three pairs of shoes a year."

In answer to such statements, Mr. Stephenson, chief of the shoe rationing branch, said there was no intention that an active, growing child be limited to three pairs a year.

Stamps are interchangeable in the family and it is expected that when all stamps in the family have been used, supplemental rations may be applied for, if shoes are needed before the next stamp becomes valid.

Stamp 18 in War Ration Book I will become valid June 16 for the purchase of one pair of shoes. The validity period of Stamp No. 18 will be announced about June 1 when production and supply data now being received have been thoroughly considered by all agencies involved, stated Navarro county war price and rationing board chairman Wilbur Wright Tuesday.

**FRIENDS OF DAWSON METHODIST CHURCH INVITED ON SUNDAY**

DAWSON, May 26.—(Spl.)—All members and friends of the Methodist church at Dawson are invited to be present at the 11 o'clock service Sunday, May 30. At that time the notes for the indebtedness on the church since its erection 14 years ago will be burned.

Members of the building committee and all persons who have been members of this church 20 years or more are to be on the platform.

The note-burning ceremony will take place at the close of the morning service. Some of those taking part in this ceremony will be J. E. Davis, treasurer; C. D. Berry, chairman of the board; J. L. McCulloch, chairman of the debt-raising campaign; Mrs. C. L. Holt, president of the WSCS; Miss Lois Lowmire, president of the Youth Division; J. H. Farmer, a faithful and long-time member of the church who will hold the note; and D. J. Bumpers, trustee, and an active worker in the recent campaign, who will apply the torch. James Edgar Davis, an intermediate boy whose first trip as a baby was to the dirt-breaking for the present building, and Iris Waller, the youngest girl member of the church, will hold the pan to catch the ashes of the note.

The dedication of the church will be some time later.

**EDENS RE-ELECTED PRESIDENT LOCAL FAIR ASSOCIATION**

Plans were completed Tuesday morning at a meeting of the board of directors of the Corsicana Livestock and Agricultural Show for the Food For Victory Exposition and Rodeo to be presented at the fair plant here sometime in September. Officers were elected and other business was transacted.

J. N. Edens was re-elected president of the organization. Other officers elected include: W. C. Stroube, first vice-president; Will Thompson, second vice-president; Fred H. Harvey, Jr., secretary and treasurer; Robert G. Dillard, general manager.

A tentative budget of \$11,000 was adopted—\$5,000 for the rodeo and \$6,000 for the fair. Dillard was authorized to name all committees in connection with the event.

An executive committee of seven including the president, two vice-presidents and four others to be named by the president, will have direction of the exposition.

W. E. McKinney announced that \$1000 had been underwritten by ten of the directors for immediate expenses. This money will be returned from receipts of the rodeo gate.

Dillard gave a detailed explanation of the plans for the exposition.

**LAYMAN'S VIEW OF WAR IS DISCUSSED BY JUDGE HOWELL**

"All nations are looking to the United States, the lighthouse of liberty, for leadership and guidance in forming a lasting and just peace after this war. We must help rehabilitate and readjust all nations, victorious and defeated alike, after the war is won."

So stated Wayne R. Howell, district judge, in discussing "A Layman's Views of the War," at Lions Club luncheon Tuesday noon.

"First we must win the war by devoting our entire unity and attention to that cause. We should not worry about small details concerning peace problems and should not expect our leaders to do this," the speaker stated. "The only thing we can do is to hope for a more intelligent, just, and lasting peace than we have ever known."

"We will never be able to have a peace like that if we try to write our peace terms immediately following the war, with hate, animosity, and revenge in our hearts," he continued. "And we will never have that kind of peace if we draw back into isolation after the war is won."

"If we believe in the righteousness of our cause, have faith in our national and armed leaders; have courage to stand up and fight for our rights, and prepare ourselves for an intelligent, determined, and united peace, we will have done our part in preventing a repetition of this disastrous, destructive and horrible conflict," Judge Howell concluded.

Sydney Marks, program chairman, introduced the speaker. Dr. E. F. Waters, who presided in the absence of F. H. Harvey, Jr., appointed John J. Bryant and W. M. Spear in charge of the program for next Tuesday.

VISITED PARENTS—Wilburn Lee Boone, seaman second class, USN, son of Mr. and Mrs. H. L. Boone, Corsicana, recently returned to his base in San Diego, Calif., following a furlough spent visiting his family and friends. Boone has been in the Navy since December 7, 1942.

Count Wright Take College Naval Course

HILLSBORO, May 26.—Four students of Hillsboro Junior College have been selected for enlistment in the navy's V-12 college training program, designed to prepare them for future naval officers. It has been announced they are Jack Varnell, of Italy, Count Wright of Corsicana, and Waymon Wooten and Joe Brown, both of Hillsboro.

**Officer Returns Corsicana Field**

Second Lieut. Francis B. Sheggrud has returned to Corsicana Field, Air Activities of Texas, as tactical officer of cadets following attending a school at Randolph Field, Lieut. Sheggrud formerly was with the military detachment before going to the school at Randolph Field. It was announced Tuesday morning by Second Lieut. Louis R. Renfrow, public relations officer of the field.

## WASHINGTON HEARS ATTU CASUALTIES HAVE BEEN LIGHT

### NO \$50 DEDUCTION FOR TAXPAYERS IN ADDITION TO 75 PCT. ABATEMENT

WASHINGTON, May 22.—(AP)—Word of further advances along the rugged ridges of Attu coincided today with a War Department report that American casualties there have been relatively light.

Preliminary reports indicate, Secretary of War Stimson said in a press conference, that 127 American troops have been killed, 399 wounded and 118 missing, with Japanese losses in the Aleutians campaign far heavier.

The capital received the news gratefully, and concerned itself otherwise with a Korean report of Japanese plans to invade this country, the still not completed tax legislation, and an announcement that the Machinists union is breaking away from the American Federation of Labor.

As for the tax matter, Senator Byrd (D-Va.) reported that senators and house members who adjusted varying versions of pay-as-you-go decided today that taxpayers should not be given a \$50 deduction in addition to 75 per cent abatement of one year's taxes.

Secretary Stimson also had a casualty report from North Africa, saying that from November 8 to May 15 American Army losses totaled 2,184 killed, 9,437 wounded and 6,957 missing or prisoners.

The Korean story of Japanese invasion plans came from the same man credited with predicting the Pearl Harbor attack two months in advance.

**Statement Made By Korean.**  
The statement was made by Kilsoo K. Haan, Washington representative of two organizations of Koreans whose land was overrun by the Japanese years ago. He told the house immigration committee he had information that the Nipponese war lords have assigned 60 per cent of the fleet, 100,000 picked troops and aerial support to strive for a landing in the United States sometime between June and October.

Chairman Dickstein (D-NY) who said Haan accurately forecast the Pearl Harbor plans in October, 1941, immediately referred the matter to the "proper officials" with an assertion that it was worth considering.

There was no immediate reaction from the armed forces.

Foes of the new deal in the senate leveled another attack on the National Resources Planning Board by striving to limit its funds for the next year to \$200,000. Their arguments followed the same line as previous declarations in congress against allowing this agency to handle the planning for the post-war U. S.

The administration also had other troubles. A senate bloc drew up amendments to the reciprocal trade agreement act in an effort to provide congress with veto power over these foreign pacts which now are the responsibility of the State Department only.

Conferees handling pay-as-you-go snubbed a toe again in their efforts to get a law on the books that takes income levies out of paychecks. They were summoned to another meeting today.

President Roosevelt watched with more than ordinary interest developments in the Akron, Ohio, rubber strike. He gave the workers until noon today to go back to work or the government would "take necessary steps."

**HEDY LAMARR APPLIES FOR MARRIAGE LICENSE**—Viennese Screen Actress Hedy Lamarr and the actor John Leder are shown above at Hollywood after applying for a marriage license at Santa Monica, Calif., and announcing they will be married as soon as they can get leaves from their studios. They met only six months ago.

under spirited discussion for a week in the house banking committee, came before the corresponding senate committee today with the opening of hearings on a bill to add \$1,000,000,000 to the lending powers of the Commodity Credit Corporation and extend its life four more years.

Food Administrator Chester C. Davis, first witness, already has declared the extra billion dollars is necessary to carry out loan, purchase "and other operations" in connection with the war-vital food and fiber crops.

## Administration Fights Amendments

WASHINGTON, May 22.—(AP)—Confronted by a coalition demanding that congress have a say-so on tariff agreements, the administration fought today to ward off a pack of amendments to legislation continuing the reciprocal trade program two more years.

Chairman George (D-Ga.) of the finance committee made it plain no compromises would be entertained when the senate begins consideration of the house-approved bill either late in the day or tomorrow.

George said he is confident the senate will reject an amendment attached by his committee which would permit congress to end any trade agreement six months after the close of the war by joint resolution. An Associated Press survey showed that of 69 senators willing to commit themselves, 36 favor the amendment and 33 oppose it.

"I believe the senate will reject the amendment," George told reporters. "If it is adopted, it will be a positive declaration that we are not willing to adjust tariffs, trade restrictions and trade barriers in the postwar era."

Republicans led by Senator Vandenberg (R-Mich.) have challenged this interpretation of the amendment which a coalition group placed on the bill by an 11 to 10 vote in committee.

**No Letup Soon in Gas Shortage.**  
WASHINGTON, May 22.—(AP)—No letup in the east's oil and gasoline famine for "weeks" at least was seen today by Ralph K. Davies, acting petroleum administrator.

Only extremely good results from the ban on pleasure driving, restrictions on commercial traffic and resumption of normal conditions in the flood-bound midwest will "improve the prospect," Davies said.

**Says Pipelines Don't do Job.**  
WASHINGTON, May 22.—(AP)—Representative Joseph J. Mansfield of Columbus, Texas, chairman of the house rivers and harbors committee, told the house today that it has become evident from actions of the Petroleum Administration for War that that agency plans to keep the government-financed pipelines now being built. Mansfield, a strong advocate of greater waterway transportation to meet the oil shortage in the East Coast area, told the house that pipelines will not do the job. Greater use must be made of waterway transportation, he said.

He contended that if plans for construction of a canal across Florida had been carried out when first suggested, transportation facilities would have been provided at far less expenditure of critical materials and labor than has been demanded by pipelines and that would now flow into the East Coast states in such quantities that there would be no shortage.

**Official Station Prices.**  
WASHINGTON, May 22.—(AP)—The Office of Price Administration has decided to supply to newspapers monthly lists of official prices and required ration points for groceries, a proposal that won the immediate endorsement of the Committee of Newspaper Groups.

OPA outlined the plan yesterday at a meeting with publishers and their spokesmen, and said that the newspapers could solicit advertisements for the lists.

**Army Seeks Socks.**  
WASHINGTON, May 22.—(AP)—The army is having trouble buying 27,000,000 pairs of lightweight part wool socks.

Manufacturers submitted bids for only 1,000,000 pairs, it was learned today. As a result, the war production board called in manufacturers, and alternate specifications are being submitted by the industry.

Representatives of the industry said ample knitting facilities are available, if an adequate supply of yarn can be obtained.

**To Protect Private Industry.**  
WASHINGTON, May 22.—(AP)—A movement developed on Capitol Hill today to create legislative safeguards against possible injury to private industry in the postwar period by government dumping of surplus war materials. Some experts have estimated these materials would range in value from \$50,000,000 to \$100,000,000,000.

The house committee on ex-

## MENUS

By MRS. ALEXANDER GEORGE  
Catch Of Sea Or Lake  
(Point-Rated Foods Are Starred)

**Fish For Dinner**  
Browned Fish Tarter Sauce  
Buttered Asparagus  
English Muffins  
Creamy Lime Meringue Pie  
Tea or Coffee

**English Muffins**  
1 cake compressed yeast  
1/2 cup lukewarm water  
1 teaspoon salt  
3 tablespoons sugar  
2 cups flour  
1 egg, beaten  
1/2 cup milk  
4 cups flour

Crumble yeast in lukewarm water. Add salt and sugar, mix thoroughly. Mix shortening and boiling water and cool to lukewarm. Add egg, milk and 2 cups flour to the yeast blend. Beat 2 minutes. Add rest of ingredients and mix thoroughly. Lightly grease top of soft dough with a little melted shortening or salad oil. Place in moderate temperature, until dough has doubled in size (about 2 hours). Roll out until about 1/4 inch thick. Cut out rounds and let rise until doubled in size (about an hour). Handling carefully, transfer to a hot griddle or heavy frying pan, greased slightly. Bake 8 minutes on each side. Reduce the heat after 5 minutes of cooking.

**Creamy Lime Meringue Pie**  
1/2 cup flour  
1/2 cup sugar  
1/2 teaspoon salt  
1 tablespoon lemon juice  
1/2 cup milk  
1 egg yolk  
1/2 cups water  
1/2 cup butter  
1/2 cup sugar  
1/2 teaspoon salt  
1/2 cup lemon juice  
1/2 cup milk  
1 egg yolk  
1/2 cups water

Blend flour with sugar and salt. Add juices, yolks and water. Cook slowly, stirring constantly, until thick and creamy. Add butter and rinds. Pour into shell and cover with meringue.

**Meringue**  
1 egg whites  
1/2 cup sugar  
1/2 cup lemon juice  
1/2 cup milk  
1 egg yolk  
1/2 cups water

Add sugar to whites and beat until creamy. Add rest of ingredients and beat a minute. Roughly spread over filling. Bake 20 minutes in slow oven (275).

tising and build up special sections of pages around the information. The lists will go out to about 300 cities, beginning July 1. Hereafter, OPA has a list of weekly to approximately 300 cities. They will be made available as printed lists, matrices or engravings, according to local needs, about the 20th of the month, thus allowing about 10 days for newspapers to set up special sections.

**Parents Receive Hero's Medal.**  
WASHINGTON, May 22.—(AP)—The parents of a coast guardman, who died a hero in evacuating a detachment of marines from Guadalcanal Island last September, received in person from President Roosevelt today a congressional medal of honor posthumously awarded their son.

They were Mr. and Mrs. James Munro of South Elum, Wis. Their son, Douglas, sacrificed his life to evacuate 500 marines who had landed on Guadalcanal at a point where enemy opposition developed beyond anticipated dimensions.

Previously he had been in charge of the landing boats. He volunteered to lead the rescue mission when the battalion was trapped.

## CASUALTIES

CONTINUED FROM FIRST PAGE  
forces in North Africa are engaged principally in handling the prisoners, establishing prison camps and moving the captured Axis soldiers to ports of embarkation.

The North African air forces, however, are continuing their aerial pounding of the Italian islands of Sicily, Sardinia and Pantelleria, he said, and the Allied bomber strength in Britain is increasing daily "and raids such as this will be repeated with increasing frequency."

Referring only briefly to other theaters of war, the secretary said:

In Russia, there have been no significant developments, and the fighting has been confined largely to aggressive local air actions. Japanese troops in Central China have gained some ground in the face of stubborn resistance, but it is too soon to determine whether this is a local Japanese offensive or merely a foray into the rich rice growing region to deprive the Chinese of that food.

In Burma and the Southwest Pacific, action has been confined almost entirely to continuing raids by Allied air forces.

penditures of executive departments approved a bill which would establish a committee of five senators and five house members to study and make recommendations for any needed additional legislation "to insure the orderly disposition of such property."

**Chain Law Violated.**  
WASHINGTON, May 22.—(AP)—Irving C. Fox, general counsel for the national retail dry goods association, said today that OPA regulations on rayon hosiery "violate the anti-trust laws and the industry intends to take the issue to the supreme court if necessary."

Appearing before a house committee studying government restrictions as they affect brand names, Fox said OPA provides for price discriminations by directing manufacturers and wholesalers to sell identical articles at different prices to varying classes of distributors.

**Orders Mileage Reduced.**  
WASHINGTON, May 22.—(AP)—Implementing its order for an over all reduction of 40 per cent in gasoline ration for all commercial vehicles in the eastern strategic area, the OPA today directed bus and taxicab operators to reduce their mileage immediately by 20 per cent.

Failure of some operators to begin stretching their T rations voluntarily to meet the 40 per cent reduction made today's action necessary, the Office of Defense Transportation said.

"We cannot permit service as usual today at the risk of no service later," ODT said.

**President Liberia in Short Talk.**  
WASHINGTON, May 22.—(AP)—President Edwin Barclay of the West African Negro republic of Liberia made one of the shortest speeches the senate ever has heard from a visiting dignitary today, and broke precedent by remaining on the floor as the law makers resumed their work.

"I thank you very much for according the high honor of permitting me to watch for a few minutes the process of law-making of the United States senate," he said.

The Liberian President soon moved to a seat beside Senator Wagner and, after a few minutes, left the chamber to address the house.

**Reorganizing War Bond Program.**  
WASHINGTON, May 22.—(AP)—Secretary of the Treasury Morgenthau announced a reorganization of the treasury's war bond program today under which public and bank offerings will be separated.

His speech:

"Now on, the secretary said, the treasury will concentrate on the sale of bonds to individuals and non-banking sources. Bond offerings to banks will be made separately, with the federal reserve system acting as fiscal agent for the treasury.

The change in the treasury's bond selling program was regarded by some observers as a victory for Mortimer S. Eccles, chairman of the Federal Reserve Board, who has urged separation of bank and public offerings and greater concentration in the war loan drives on sales to individuals.

## ATTU

CONTINUED FROM FIRST PAGE  
sump position is that at the head of Chicago harbor which is being heavily pounded by sea, air and ground troops.

However, the communique brought out, although Stimson did not develop it, the fact that the Japanese also still have a force in the area north of Lake Nicholas which lies south of Chicago harbor and about three miles away. The two enemy positions were obviously isolated from each other.

**No Other Heavy Action.**  
So far there has been no report of any heavy American action against the force in the area south of Lake Corles which is north of Lake Nicholas.

The attacks on the ridge dominating the area around the head of Chicago Harbor began on Monday, yesterday's communique revealed. The action was carried out by the combined units from both the northern and southern forces in the island and authorities here believe that once the high ground is taken the Japanese position would be entirely collapsed.

The ground overlooks the area in which the village of Attu formerly was located.

A few days ago, the navy reported that all the structures except one building and the church have been destroyed. Apparently the destruction which resulted in today's official report that all have now been wiped out was centered on the church and the lone unidentified building, both of which were used by the enemy.

Stimson said in his discussion that the army troops on Attu are making steady progress, with heavy enemy losses.

Clear weather would greatly accelerate the operations, Stimson said. For the past week the troops have pushed their way forward gradually through sleet and snow, while fog has impeded air support operations. Much of the fighting has been by small patrols using bayonets and hand grenades to seize the passes in the hills.

**Jap Bomber Attacks.**  
Stimson noted that Japanese bombers, presumably from the Kurile group, had made two attacks on successive days. The first was made an unsuccessful attack on two surface vessels. The second attack, he added, was made by 16 twin-engine bombers, which were intercepted by 6 army Lightning fighters and forced to jettison their bombs.

Five of the bombers in the latter attack were destroyed, Stimson said, and seven others which were damaged had been seen smoking and losing altitude as they disappeared in a cloud bank. The remaining four bombers fled. The army lost two fighters, but one of the pilots was rescued.

The navy previously had told of the two aerial attacks.

A navy communique yesterday said that army ground troops had cleared out both sides of Chicago Valley Monday. That was one of three defense positions to which the enemy remnants had fallen back after they lost their main base in the Holtz Bay area.

**Two Areas in Jap Hands.**  
Two other areas which, in the basis of the navy communique are still in enemy hands, are Chicago harbor, lying north of the Valley and the extremely rough country around the north shore of Lake Nicholas, southwest of the harbor.

The entire area of combat has shrunk until it embraces only a few square miles.

In New Guinea also the extermination of Japanese went on apace yesterday as 2,000-pound bombs were showered on their feeder base at Madang, 350 miles Northwest of the Allied-held Port Moresby.

A communique from General MacArthur's headquarters announced that despite unfavorable weather, allied planes blasted enemy positions 12 miles south of Salamaua, where allied ground troops also continued their destruction of the Nipponese.

## STRIKES

CONTINUED FROM FIRST PAGE  
I think the strikes have achieved the results we wanted—the reopening of the War Labor Board wage case. Now we'll wait and see what they do with it."

The president, noting as commander in chief of the army and navy, termed the work stoppage a "flagrant violation of the no-strike pledge" and asserted:

"If this strike is not ended by 12 o'clock, noon, Thursday, May 27, your government will take necessary steps to protect the interests of the nation."

Executive boards of UDW locals at Goodyear, Firestone and Goodrich promptly adopted a resolution urging immediate resumption of war work, and their presidents then made radio appeals.

**Started Saturday.**  
Walkouts at Akron's "Big Three" and the General Tire & Rubber Co. started with news last Saturday that the National War Labor Board had reduced to three cents an hour its panel's recommendation of an eight-cent wage increase. Production soon stopped on a multitude of such items as self-sealing gasoline tanks and deicers for warplanes, anti-aircraft guns, gas masks and combat tires.

Acting soon after the union's international executive board urged a return to work with promises the WLB would reconsider the case. President Roosevelt telegraphed the rubber workers' leaders last night:

"From the point of view of the nation, these strikes are inexcusable and must therefore be accepted by the country and by your government for what they basically are: Namely, a defiance of the War Labor Board, a challenge to government by law and a blow against the effective prosecution of the war."

**Transportation Strikes Continue.**  
BALTIMORE, May 22.—(AP)—The strike of American Federation of Labor-affiliated transit employees dragged into its third day today as the Baltimore Transit Company reported operations 85 to 90 per cent of normal and said some strikers had returned to work.

**Trouble at Mobile Shipyards.**  
MOBILE, Ala., May 22.—(AP)—A number of white shipyard workers left their jobs today when a "substantial" number of negroes returned to posts they left Tuesday after an outbreak of racial disorders, the sheriff's office reported.

In announcing it had been informed of this development, the sheriff's office said all seven companies of Alabama State Guardsmen had been ordered on the alert to prevent possible new outbreaks.

**Do FALSE TEETH**  
Rock, Slide or Slip?

FASTEREETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, sticky, messy taste or feeling. FASTEREETH is alkaline (non-acid). Does not sour, decay, "plate odor" (denture breath). Get FASTEREETH at any drug store.

## MEDITERRANEAN

CONTINUED FROM FIRST PAGE  
Fragmentation bombs indicated that air resources kept by the enemy in Sicily at present are slender.

No enemy planes attempted to intercept either of these raids. Filers said "a few aircraft" were caught on the ground at Ponte Olivo and wrecked.

**Large Transport Fired.**  
A large transport at Golfo Aranci burst into flames after a direct hit and a small boat nearby also caught fire. Three storage tanks believed to contain oil were ignited. Dockside buildings were shot up.

Dispersed aircraft and hangars at Villacello air field were hit by bombs of other Lightnings, which also shot up a train.

After scoring direct hits on the Trieste power station, which supplied a large part of Sardinia with electricity, Lightnings sped on to shoot up axis gun emplacements and small vessels.

Quays and shipping at Porto Ponte Romano, a harbor of southwest Sardinia, suffered from a Warhawk sweep.

Warhawks strewn fragmentation bombs on other targets in the center of Pantelleria Island and shot up troops and gun emplacements.

**Chinese General on Raid**  
ALLIED HEADQUARTERS in North Africa, May 22.—(AP)—Major General Lam Wal-Ching of the Chinese air forces flew in one of the Flying Fortresses which struck at the Comiso Airfield in Sicily yesterday and one of the fortress gunners who helped defend his plane from an attack by 30 enemy fighters was an American-born Chinese, Staff Sergeant Lee Wong-Gem, of Chicago.

**Entertained for Gen. Ott.**  
By The Associated Press.  
The Tokyo radio reported today in a broadcast recorded by the Associated Press that Foreign Minister Mamoru Shigemitsu had entertained Maj. Gen. Eugen Ott, former German ambassador to Japan, at a farewell dinner prior to the latter's departure for Germany. Little has been heard of Ott since a Berlin broadcast last Jan. 2 announced that he was being recalled.

London sources interpreted Ott's recall as an indication of German displeasure at the failure of Japan to hit at Russia through Siberia at a time when Germany was taking a severe pounding on the Soviet front.

**Italian Collapse Rumored.**  
LONDON, May 22.—(AP)—Front pages of London newspapers bore headlines today pointing up rumors of Italian collapse, but these rumors had little support in known facts.

Propagandists of the Rome radio were heard declining Prime Minister Churchill's invitation for Italy to quit the war.

The conservative Daily Telegraph carried a headline, "Big Strikes in Italy's Arms Factories" over a story which declared Italy was on the verge of invasion panic.

The reports were based on yesterday's order to striking Italian workers to return to their jobs.

**Civilians Being Removed.**  
MOSCOW, May 22.—(AP)—A Tass dispatch from Istanbul asserted today that by order of Premier Mussolini all civilians were being removed from Sardinia and Sicily.

**Inspects Poles in Middle East.**  
CAIRO, May 22.—(AP)—Premier Gen. Wladyslaw Sikorski of the Polish government-in-exile arrived today on an inspection of the large Polish military forces in the Middle East.

**Mexico Expanding Output.**  
HOT SPRINGS, Va., May 22.—(AP)—The Mexican delegation told the United Nations food conference today that their country was rapidly expanding its agricultural output so that it might accumulate reserves to help feed European peoples freed from German occupation.

By opening the upland through irrigation projects, Mexico has already moved a long way toward consumption needs of its own people.

## TEXAS APRIL FARM CASH INCREASED BY FIFTY-THREE PCT.

AUSTIN, May 27.—(P)—Texas farm cash income during April increased 53 per cent above the same month last year, the University of Texas Bureau of Business Research reported today.

Aggregate farm cash income for the year reached \$247,000,000, 50 per cent more than in the corresponding period of 1942.

During April, Texas farmers took in over \$75,000,000, compared with \$49,000,000 in April, 1942. Main sources of income were livestock (\$38,000,000), as compared with \$25,000,000 last April; fruits and vegetables (\$12,000,000) as compared with \$4,000,000; and dairy and poultry products (\$15,000,000) against \$12,000,000.

Much of the increase was the result of a higher level of prices. This especially is true in regard to fruits and vegetables, Dr. J. A. Buechel of the bureau reported. Greatest factor, however, was the sharp increase in the volume of farm products marketed, especially in regard to cattle and hogs.

### Parking Receipts Up.

Receipts from parking meters the past week amounted to \$230.66, as compared with \$220.58 the previous week, J. F. Welch, city secretary, announced Thursday, an increase of \$10.08.

## HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY  
By VERONICA DENGEL

V. D.'S "DO-YOU-KNOW?" DAY

From time to time as I gather little pieces of information on health, beauty, poise, or any other subject which I think would interest you, I shall use them together in an item called "Do You Know?" There are several things for such a column today—so cut them out and keep them for future use if you cannot commit all the information to memory.

1. Why must you breathe deeply? Because the oxygen in fresh air is used by the body to burn up food for making energy. And don't we all need plenty of that?

2. Research is being done on another part of the vitamin B complex, called inositol, which may prove to be a help in overcoming baldness. So far experiments have been made only on animals, but it was noted that when the factor was taken away the animal showed several bald spots—which grew again when the factor was restored. Wouldn't that be a boon for our nice bald headed men?

3. Shark liver oil, which is rapidly being used in place of Norwegian cod liver oil is very rich in vitamin A and vitamin D. In the absence of sufficient vitamin D, proper assimilation of such minerals as calcium are retarded—and if one cannot get sunshine—the best source is vitamin D—

it is wise to use a few drops of cod or shark oil to insure an ample amount of vitamin D. Babies are now given cod liver oil daily, especially during the winter months when they are much indoors—or so bundled up that the sun cannot reach good sized skin areas.

4. The outside leaves of lettuce and cabbage should not be discarded. They are far richer in vitamin A, calcium and iron, than the inner leaves. Wash them carefully and shred into salads.

5. Molasses will be the food of the future, taking a far more important place on our tables than ever before. It is very important as a source of vitamin B and other factors. Children should be introduced to it—adults as well. 6. You must save your fats—Yes, there has been much publicity about it, but thousands of women are still throwing them away instead of saving the waste fats and selling them to the butcher, who turns them over to the government. The government converts them. Just think! One hundred pounds of fat will make six pounds of glycerine which can be turned into 15 pounds of nitroglycerin. Do your bit to help end the war—quickly.

All requests for "Health, Beauty and Poise" information desired by Veronica Dengel's column, will be accompanied by a full self-addressed, stamped envelope (i.e., s.e.). Address: Veronica Dengel in care of this newspaper.

### Fifty Years Ago.

The following items appeared Thursday morning in "Fifty Years Ago Today," Dallas Morning News feature:

Corsicana—A meeting at 5 p. m. Monday at the city hall has been called for citizens to meet Capt. W. T. R. Bell of Rutherfordton, N. C., who came here with Prof. Charles T. Alexander to discuss establishing a school for young men.

Frost, Navarro County—A crowd will go down from here to the Sam Jones meeting, and while in Dallas they will go down to the river to take a look at the Harvey, as there will be a great many who never saw a steamboat.

### Turkish Baths

## METHODIST CHURCH AT WORTHAM WILL BE DEDICATED SUNDAY

WORTHAM, May 27.—(Spl)—The dedication services of the Methodist church of Wortham will be held Sunday at 8:30 p. m., led by Bishop Ivan Lee Holt of Dallas.

The building to be dedicated was constructed by the Methodist Protestant church in 1925, during the pastorate of the Rev. W. A. Sanders, at a cost of approximately \$75,000. The Methodist church of Wortham is a product of the two former branches of the now united church, the Methodist Protestant and the Methodist Episcopal, South.

The former church was organized in 1871 by Rev. G. P. Miller, and at the time of the union in 1925, had one of the largest memberships in the state. One charter member of this organization, still active but retired minister, Rev. George W. Bounds, age 89, was an early pioneer in the ministry of Wortham and large adjacent territory. With Rev. Mr. Bounds, his wife, is an active member today, and she is the niece of the founder, Rev. Mr. Miller. Another distinguished honor came here in this family with the representation of three generations of leadership today, namely, Rev. and Mrs. Bounds, their daughter, Mrs. W. A. Posey, president of the WSCS, and Mrs. Posey's daughter, Mrs. R. W. Willford, active in the local church and district secretary in the Corsicana district of WSCS.

The Methodist Episcopal Church, South, was organized in Wortham about 1873. The union of the two churches came during the pastorate of the Rev. T. L. Crenshaw and Rev. S. A. Baker, who served as co-pastors from the time of the union until the session of the annual conference, and much credit for the fine spirit of co-operation existing in the membership of the churches was given by these ministers, because of their fine spiritual leadership.

The total \$1200 of the church debt was paid with the Dollar-a-Month Club plan, where ten captains secured in their individual clubs nine others, and each paid a dollar a month for ten months. The Woman's Society of Christian Service assumed the remainder of the indebtedness.

The building committee of 1925 and whose names are on the cornerstone are Pastor, Rev. W. A. Sanders, M. C. Strange, J. W. Lindley, N. H. Lindley, F. L. Cole, J. F. Wallis, George P. Bounds, M. C. Strange has served on the board of stewards for 30 years and chairman of the board for over 24 years.

Today the church looks forward to a bright future in the new Methodistism, with the fine spiritual leadership of the pastor and his wife, Rev. and Mrs. W. V. Bane. The Woman's Society of Christian Service is very active and progressive. Mrs. R. W. Willford had served as president since its organization until the recent session of the Central Texas conference of the WSCS, when she was elected district secretary in the Corsicana district. Mrs. W. A. Posey is the new president of the

"This should be your lucky day—"

Wortham society.

The youth division in the church has splendid leadership in Messadams J. F. Crowson, Joe Boone, O. D. Williams, W. V. Bane and P. R. Culwell. Other present officials of the church are: M. C. Strange, chairman of the board of stewards; E. A. Strange, secretary; A. J. McKinney, treasurer; B. F. Bounds, church school superintendent; T. Elmo Longbotham, chairman board of trustees; Mrs. W. D. Moody, church pianist; J. D. Murphy and Mrs. Paul Culwell, choir directors.

Forty young men have gone from the church into the armed forces of the nation. Benevolent giving has increased substantially this year. An increase of 100 per cent in the acceptance on conference benevolences and world service has been made and 76 per cent of the amount paid. An increase has been noted in other special offerings, such as the Methodist Home, Race Relations, Golden Cross and the Week of Dedication.

Pastors since the union of the churches are: Rev. T. L. Crenshaw and Rev. S. A. Baker, who served together after the union for a short time; Rev. R. K. Suddeth, Rev. J. J. Creed and the present pastor, Rev. W. V. Bane.

On the program for the dedication are Bishop Ivan Lee Holt, Rev. R. O. Sory, district superintendent; Rev. George Bounds (only charter member), and the following trustees who will present the church for dedication: Mrs. Rhoda Bounds, Elmo Longbotham, J. V. Bounds, A. J. McKinney, L. M. Irvin, R. H. Lee, Gail Zoda.

### THE WAR TODAY

CONTINUED FROM FIRST PAGE

The resources, the fighting services will do the rest.

The Japanese are well established in their main conquests, and it's going to take a lot to shift them. Their greatest strength outside of the Japanese mainland is in China and Manchuria.

The new Jap offensive along the Yangtze towards Chungking has raised a fresh problem for the Chinese defense. It may even envisage capture of Chungking itself.

Should such a program be achieved it probably would give the Japs control of all China. The allies would have to start from scratch to fight their way onto the continent without the help of the Chinese army.

This would be a task which might take years, but for one thing. That is air power.

The further we go the more certain it seems that air power is going to provide the solution of the Japanese problem, that is by bombing and blockading the Japanese mainland into submission. This presupposes that air bases will be available to the allies. It also presupposes that the Japanese armies of occupation in foreign territory would capitulate when the homeland had been pounded into impotence—though one admits that there might be the bare possibility of Jap generals and their armies setting up a new regime on the continent and fighting it out.

## RATION BOOK

CONTINUED FROM FIRST PAGE

Everyone is urged to study the application card carefully before filling out same, as the more accurate the card is prepared, fewer errors and delays will be encountered.

Retain Card Stub. The applicant is instructed on the card to retain the stub at the top of the application until the new ration book is received.

Hudson also asked that anyone with a typewriter or able to print well volunteer to assist their neighbors in this highly important work. "All families must have ration books to be able to purchase food," the postmaster continued.

Hudson said that all post offices in the country would carry on this work for the territory it serves.

The cards are addressed to the OPA Mailing Center, Dallas, Tex.

Card Instructions.

The cards include the following

instructions: "One application must be made for each group of persons who are related by blood, marriage, or adoption and who regularly live at the same address. Persons temporarily away from home (for a period of 60 days or less), such as students, travelers, hospital patients, etc., must be included in the family application. Persons living at the same address BUT NOT RELATED by blood, marriage or adoption must file separate applications. If additional applications are needed, you can get them at your post office. "A person may be included in only one application for War Ration Book No. 3. "The following may not apply or be included in any application for War Ration Book No. 3: Persons in the armed services, whether or not eating in organized messes, including Army, Navy, Marine, Coast Guard and all Women's Auxiliaries; and inmates of institutions of involuntary confinement such as prisons and insane asylums."

## MINISTER ASSERTS BIBLE FORETOLD 1943 HAPPENINGS

"It is remarkable that a book written 1500 years ago could prophesy everything that is happening in the year 1943. But that is exactly what the Bible does," declared the Rev. Jack Goff, pastor North Side Baptist church in this city, in speaking to Civitan Club members Thursday noon on the subject, "The Bible, A Revelation and Authority."

"The Bible records the fighting and strife that is taking place during this war, the fall of the small and weak countries, and the ultimate allied victory. It reveals the future."

"This Book will live forever. It is different from any book ever written or ever to be written. It is unique and strange, in that it has its inspiration in God and it stands alone in its moral teaching and its authority. It took nearly fifty men a period of over 1500 years to write the Bible, and every scripture included in it is profitable to someone."

"Christians accept this Book as the true word of God because the greatest and wisest men through the ages have accepted it as so, and because it is a witness to itself that it is the divine word of God. We must accept and believe the Bible and must learn to study it with reverence," the speaker said.

Guests were J. T. Garner and J. W. Hampton. F. V. Williams, president, introduced R. L. Nix, program chairman, who presented the speaker.

## Sixtieth Annual Commencement Be Held Friday Night

The sixtieth annual commencement of Corsicana High will be held at Tiger Field Friday night, 8:30 o'clock.

R. A. Armistead, principal, announces the following program: Coronation March in Corsicana. Played by High School Band. Invocation—Rev. Erwin F. Bohm-falk.

Star Spangled Banner—Smith. Played by High School Band. "Houses of Democracy"—The Church House—Jo Nell Scott. The School House—Margaret Anderson.

The Court House—Sam B. Werner, Junior. The Home—Jane Wood. A Medley for Brasses—arr. by Miss Margaret Panfill. Nymph Willard, John Womack. Gene Bunch, Willie Schlunger. Awarding of Honors—R. A. Armistead.

Principal of High School Presentation of the Class of 1943. W. H. Norwood. Superintendent of Schools Awarding of Diplomas—Benediction—Rev. E. F. Bohm-falk.

Misses Margaret Metcalf and Carey Kinsolving have returned to Austin, following a short visit with relatives here.

## Bids for Highway Improvements Be Opened This Week

Bids for highway improvements in Navarro and Freestone counties are scheduled to be opened this week by the Texas Highway Department, M. E. Savage, senior resident highway engineer, revealed Tuesday morning.

Bids for the stabilizing of 11.6 miles of Highway 31 from Corsicana west to Sider City was opened Wednesday. The stabilizing materials will be placed the full width of the road and will carry traffic on that highway until the concrete pavement can be provided. Savage said the road will be an all-weather affair.

**Unpaved Gap.**  
The gap from Silver City to Dawson, the last of the dirt and drainage structures remains until war conditions improve to such an extent that the bridge structures can be installed. Critical material shortages are ascribed as the reason that this gap has not been closed, as the highway department had planned to close the gap when war opened.

Bids will be opened Friday in Dallas for relief structures on Highway 287, Freestone county, Trinity River bottom, between Corsicana and Palestine. These two bridges will be constructed up to the high water mark.

**Bridges Be Widened.**  
Savage stated that the bridges will be widened, raised and extended, and that the fill through the bottom will be raised where it will give an all-weather crossing except when the floodwaters are higher than in average rises. The engineer pointed out that a contract for the raising of the dump in the low lands was let several months ago and work is expected to get under way within the near future. A stabilizing surface is to be placed on the raised dump on Highway 287, it was stated.

An asphaltic treatment contract for repairs near Chambers Creek bridge on Highway 75 north of Corsicana was awarded last week by the highway department. This work, however, is only to cover cracks and level the surface of the pavement where needed.

## WAR DEPARTMENT GIVES NEW LIST OF MISSING IN ACTION

WASHINGTON, May 27.—(P)—The war department made public today the names of 332 United States soldiers, including 11 Texans, who are missing in action.

Texas missing in the European area were:

Baron, First Lieut. Robert C. Cecil E. Barton, father, Clarksville.

King, Staff Sgt. William D. Mrs. Josie Jewel King, mother, Imperial.

Off. Staff Sgt. Leno—Solomon Off. father, 406 South El Paso street, El Paso.

Stelzer, Tech. Staff. James B. Mrs. Vernon Stelzer, mother, Gunter.

Coe, First Lieut. Oscar M. Jr.—Oscar M. Coe, Sr., father, Navasota.

Hinson, Staff Sgt. Wright D.—Charles W. Hinson, father, Kalgary.

Moore, Pfc. Robert M.—Mrs. Juanita Moore, wife, 921 East Ervin street, Tyler.

Oakes, Lt. Col. Walter M.—Mrs. Augustina Oakes, wife, 3212 West Salinas street, San Antonio.

Reed, First Lieut. Vernon J.—Jack Reed, father, Box 441, Brady.

Wagner, Pvt. Jack P.—Dan F.

## Gifts Preferred By Men in Uniform Officially Listed

In a recent poll of more than 1200 soldiers, the War Department discovered just what gifts they would enjoy receiving from relatives and friends—assuming that the sender had \$2 or \$3 to spend. Here are the results of the poll:

Cigarettes—The most popular—26 per cent.

Money—Plain, ordinary cash—10 per cent.

Toilet and shaving articles, including razor blades, tooth brushes and shoe polish—8 per cent.

Candy—The crunchy kind, and inexpensive pocket-size books were equally popular—both 7 per cent.

Articles of clothing, particularly socks—5 per cent.

Stationery and pen and pencil sets—3 per cent.

Other suggestions made by the soldiers included a small housewife, a sewing kit containing needles, thread, and other clothing repair material; decks of playing cards and subscriptions to hometown newspapers.

**Denounced as Propaganda.**  
NEW YORK, May 27.—(P)—The Office of War Information reported today that the Vatican radio had denounced as "propaganda" an assertion by the Nazi-controlled Paris radio last Sunday that the Catholic church had a "crushing responsibility in unleashing the present war."

The Vatican broadcast said "one thing is certain—it is not the Vatican which has declared this war and it is not the Catholic church in Germany which has brought this, her fate, upon herself. Everyone knows that."

Two were fined on railroad commission carrier act complaints and three for violation of highway regulations Wednesday by Judge A. E. Foster.

## Navarro County Girls Graduate NTSTC This Year

DENTON, May 27.—(Spl)—Among the 185 candidates for graduation at North Texas State Teachers College this year are Miss Martha Moore of Roane and Miss Theo Ann Story of Angus, who will be awarded the Bachelor's Degree at formal convocation ceremonies to be held at the college Monday morning, May 31.

NTSTC will preside at the commencement exercises, which will be highlighted by the traditional hooding ceremonies.

Because of the calls to service during the past semester, it is expected that many men now in the armed services will receive their degrees by proxy or in absentia and that the convocation audience will be dotted with men in uniform.

On Sunday morning, May 20, the graduation candidates will hear the Rev. Clinton L. Bowen, pastor of Trinity Methodist church, Dallas, give the baccalaureate address.

Miss Moore, daughter of Mr. and Mrs. C. Moore of Roane, is a member of the Ellen H. Richards Club.

Miss Story, daughter of Mr. and Mrs. Seth L. Story, is a member of Green Jackets and Gamma-dions.

## J. C. HIGHNOTE DIED THURSDAY MORNING; BURIAL ON FRIDAY

J. C. Highnote, age 81 years, died at his home 1105 South Eighteenth street, Thursday morning. Funeral services will be held Friday afternoon at 4 o'clock from the Sutherland McCammon chapel. Rev. Jack Goff will conduct the services and interment will be in Hamilton cemetery.

A native of Corsicana Mr. Highnote had resided here all of his life.

Surviving are his wife, four sons, Pfc. James Highnote, Pvt. Joseph Highnote, Pvt. John Highnote, all of Camp McCoy, Wis.; Charlie Highnote, Corsicana; three daughters, Miss Madge Highnote, Corsicana; Emma Bell Highnote, Corsicana; Lottie Geneva Highnote, Fort Worth; a sister, Mrs. J. D. Ingham, Corsicana; a brother, J. A. Highnote, Corsicana, and a number of other relatives.

## Bradley School At Montfort in Closing Program

MONTFORT, May 27.—(Spl)—The Bradley school at Montfort closed Friday, May 21, with graduation exercises and a program. The pupils presented two plays on Thursday night, "Wait a Minute" and "Gone With the Girls." Friday night the primary room gave a rendition of "Put On Your Thinking Cap" and "The Seven Dwarfs Visit Snow White" prior to the graduation exercises.

Doris McElwreath, four-year old daughter of the school principal, delivered a presentation speech, and Tommy Gary Gorman, age six, unlocked the center stage door through which entered the graduates and teachers, O. P. McElwreath and Mrs. Louise Burkhead.

The graduates were Delores Gorman, valedictorian; Faye Jones, who read the "Class History"; Doris Ragan, who read "Class Will"; and Billie Lou Gorman, who made a talk on "Appreciation."

An original song, written by Mr. and Mrs. McElwreath, was sung by the graduates and teachers to the tune of "Maryland, My Maryland," and was titled, "Bradley, My Bradley."

Visitors present at the exercises were Mrs. Ella Medaris and Mrs. Hester Graves of Dallas; T. Garner and daughter, Miss T. Garner; Mr. and Mrs. Lloyd Sands of Chaffield, and Miss Lillie Mae Wylie and Mmes. Fred Spivey, Joe Sims, Oscar O'Daniel, Eva Boyles, Helen Belle Baker, T. V. McMullan and Mrs. Lizzie Montfort of Corsicana.

Music was furnished before the exercises and during intermissions by Mrs. Lloyd Sands at the piano.

## Memorial Poppies Will Be Sold on Saturday, May 29

"The poppies have arrived." These were the words flashed to members of the American Legion recently, and brought many of them to Legion Headquarters to begin the work of arranging the sale of flowers for Poppy Day, May 29th.

The poppies, many hundreds of them, were in boxes shipped from Legion, where they were made by disabled war veterans under the direction of the Texas Department of the Auxiliary.

Shaped patiently by hand, each little flower is a replica in crepe paper of the flowers that bloomed on the battlefields of the first world war. Each is slightly different, but, as Mrs. Edwin Milam, Auxiliary president explained, all have the same deep meaning.

"Flanders Fields are on the other side of the world from Guadalcanal and a quarter of a century distant in time but the little wild poppy of Flanders speaks for the dead of both battles," said L. S. Lee, chairman of poppy sales in Corsicana.

"The poppy is the memorial flower for all who have died in America's struggle against world slavery, wherever or whenever they fell. We wear it to show that we remember them, honor them and are continuing to fight in the cause for which they died."

The poppies are being sorted and counted ready to go into the baskets of the Auxiliary volunteers who will distribute them throughout the city on Saturday May 29th. Contributions received for them will aid the Legion's and Auxiliary's work for disabled veterans and families of service men.

## Jones Ranch Home Demonstration Club Wednesday, May 19

The Jones Ranch Home Demonstration Club met May 19 with Mrs. L. M. Hoover. The club decided to join in the fair which is to be held here this fall.

Miss Vera Sneed gave a demonstration on the preservation of different kinds of fruits and vegetables in the pressure cooker electric hydrator, showing the drying of English peas, greens and apples; (2) The sun bath drier, and (3) the fire heat drier.

She also demonstrated the canning of raw pack fruits and vegetables in the pressure cooker and water bath method. Miss Sneed recommends the pressure cooker as being the most reliable way for canning vegetables and meats. In this way is keeps the food from spoiling, safe for eating, and preserves the maximum food value, flavor, color and texture.

Refreshments of punch and cookies were served to eleven club members, the hostess, Miss Sneed and two visitors, Mrs. Lula Tullios and Mrs. York. The club adjourned to meet June 2 with Mrs. P. E. Brinson.

**Socony-Vacuum Earnings.**  
NEW YORK, May 27.—(P)—John A. Brown, president of Socony-Vacuum Oil Co. today estimated net earnings for the first four months of 1943 at \$9,500,000, compared with \$11,000,000 for the same period in 1942.

## "THE BLUEBONNET," HI SCHOOL PUBLICATION OF 1911 AWAKENS PLEASANT MEMORIES FOR MANY

By MRS. LYNNE WORTHAM  
Sun Society Editor.

A copy of "The Bluebonnet," dated October, 1911, which was published by the pupils of Corsicana High school with Miss Eunice Houston as editor-in-chief, brings back an avalanche of memories for Corsicans who were attending school at that time.

An editorial in the publication stated that the October issue of "The Bluebonnet" was the initial one, and that it would be edited monthly. It proposed to contain items of interest to pupils and friends of the school, and to increase school spirit and school pride.

**Glee Club of High School.**  
The Glee Club with Mrs. Hucerta Read Nunn as director, was described as one of the most valuable organizations of high school, however, Mrs. Nunn was in Germany at the time, taking an advanced music course, and the club was inactive.

Editorials further spoke of the local high school as one of the best in the state, of the enrollment exceeding any previous year, and of out-of-town students rapping at the doors for admittance.

An encouragement of sports was urged, stating that all games should be well attended, the price of admittance paid, and school colors and pennants fully displayed. "Come out with your colors and your Rah! Rah! and 'root' for the C. H. S. team" one editorial suggested.

**Athletics.**  
In October, 1911, football was holding the spotlight in athletic circles of C. H. S., and Lewis Hixon, '12, was the athletic editor of "The Bluebonnet." Augustus Mays was captain of the team, and among other names in the line-up were M. and L. Golden, Jim Payne, Trim Hale, Walter Blair and Hood Parker.

**Society.**  
The society editor of the publication was Miss Aileen Cheney, and in her column was presented the "Class History." The Debating Society, with Hood Parker, president; Lewis Hixon, vice president; and Dan Kiber, secretary-treasurer, the orchestra, with Miss Aileen Cheney as pianist and Garitty Church as leader; Misses Martha Suttle, Lida Kate Cheney and Walter Blair playing first violins; Miss Aileen Cheney, Ray Frey as "The Golden Gate," a poetic item by Christopher J. Knox; "A Violet," Miss Marie Waltman, and "The Reformation of Curley MacGuire," Modena Miller.

**IN UNIFORM**

Lt. Vernon T. Bowers left Corsicana Friday after spending a ten-day leave here with his parents, Mr. and Mrs. Rex Bowers, and wife, Carl Wilson, second of the Laurel, Mississippi Air Base.

Lt. Col. I. G. Moore, formerly of Ennis, has been transferred from an U. S. Air Base in Montana to Pendleton, Oregon, relatives here have been advised.

Pvt. Jim Beacher Oden, stationed at Rosecrans Field, St. Joseph, Mo., attached to the M. P. Guard Squadron, will leave Thursday after spending ten days furlough with his parents, Mr. and Mrs. Andrew Oden, of Dawson and his sister, Mrs. Moise Levy.

Lt. William Henry Patrick, Jr. of Corsicana, has reported at Hobbs Army Air Field, Hobbs, New Mexico, for transition training as a multi-engine bomber pilot.

Lt. Patrick was commissioned as second lieutenant and received his pilot's wings at Marfa Field, Texas, on May 20, 1943. Upon completion of his training at Hobbs Army Air Field he will be qualified as a combat bomber pilot. He is the son of Mr. and Mrs. William H. Patrick of 618 West Fifth Avenue, Corsicana.

Pvt. James M. Easley, husband of Mrs. Doris Sue Easley, 306 East Eleventh Avenue, formerly employed by Stroud Dockum Grocery Co.; Pvt. Cletion H. Holden, son of Mrs. C. L. Holden, 2300 West First avenue, formerly a clerk at Albright Auto Park; and Pvt. Ralph D. Spence, son of Mr. and Mrs. Fred R. Spence, 808 South Twentieth street, formerly a lineman with McGraw-Hill, are newly-arrived soldiers at Jefferson Barracks, Missouri, a replacement training center for the Army Air Forces Technical Training Command.

Captain A. D. Rust of Camp Hood, Texas, will arrive Saturday to join his wife and little daughter, Nancy for a few days visit, in the Lee Jester home.

Vann A. McCullough, son of Mr. and Mrs. Perry McCullough, Kers, Rt. 1, has been promoted from the rank of Corporal to that of

**Fun Section.**  
The funeral service for "Bubbles," was edited by Miss Mattie Cynthia Blair, and contained the bright sayings of both students and teachers.

**Exchange Department.**  
The Exchange Department of the publication was edited by Miss Ouida Phillips, and stated that its object was to bring to the school all the new ideas and methods of other schools, all the wit and humor which is worth reprinting and all the good-natured criticism the student body would stand for.

The following advice was suggested by Editor Phillips: DON'T SUBSCRIBE; borrow your classmate's paper. Be a "sponge."

NEVER HAND IN news items, but criticize everything in the paper. Be a "knocker."

TELL YOUR NEIGHBOR you can get a paper for less money. Be a "squeeze."

**Alumni Editor.**  
The Alumni editor was Miss Edna Clark and among the items noted on her page were the following:

"The friends of Miss Lizzie Tinkle, who finished in '11, will be glad to know that she has taken up her first course in Baylor this year."

Max Wolens, '11, has entered Chicago University, and his friends hope for him all success.

Tate Miller, '09, has entered his third term at Vanderbilt.

Carl Mirus and Charles David, '11, have entered A. and M.

Clarence Terry, '09, is now attending State University.

Miss Berta Frey, '11, is attending State this year.

**Special Articles.**

Among special articles in the publication were noted "The Approach of Tutumn," Miss Helen Park; "By Way of the Pole," Marie Frey; "At the Golden Gate," a poetic item by Christopher J. Knox; "A Violet," Miss Marie Waltman, and "The Reformation of Curley MacGuire," Modena Miller.

**Advertisers.**  
It is interesting to note that the leading business establishments, whose "ads" appear in the 1911 publication, are not in business here today. Among them were "The Johnsons," described as the "Twentieth Century Clothiers;" Pisek, the Tailor, whose slogan was "Clothes Make the Man" in some cases, it added; Coulson's Drug Store, the Home of Good Soda; H. Iversen & Co., Jewelers and Opticians; The Rice Book Company; Porter Rice, Manager; Burton-Peel, Corsicana's most popular store; Jarrell-Elliott Dry Goods Co., and "Montgomery for Photos."

**Acclaim Leningrad Day.**  
MOSCOW, May 27.—(P)—All Russia acclaimed Leningrad today on the 240th anniversary of its founding, but the city's inhabitants were too busy to celebrate. They were mounting guard against a possible fresh German thrust.

**Yamamoto Gets Iron Cross.**  
(By The Associated Press.)  
A DNE dispatch broadcast by the Berlin radio said today that Adolf

Hitler had awarded the German Knight's cross of the iron cross with oak leaves and swords posthumously to Admiral Isoroku Yamamoto of Japan "in appreciation of his merits in the common fight of our arms."

**British Planes Aid Guerrillas.**  
LONDON, May 27.—(P)—British planes have been aiding Yugoslav guerrillas in their battle against Axis occupying armies, a

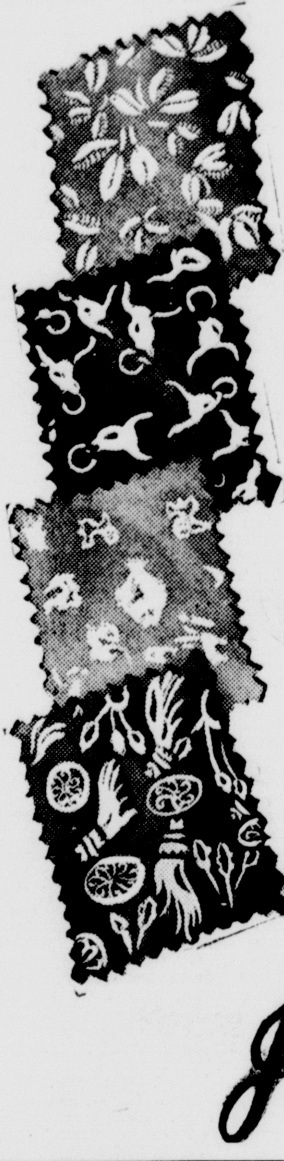

German broadcast recorded by the Associated Press asserted today. The broadcast quoted the Be-grade newspaper Nove Vreme as saying prisoners reported the British had promised aerial assistance and "a few British planes did arrive. Some were shot down and others brought only propaganda material."
